

Fiber/cable OD: 4-16 mm
Duct size OD: 8-40 mm

EASYFLOW SMART

Mandatory parts for usage

Duct Gasket Kit

You can choose kits for duct sizes between 8-40 mm.

One duct gasket kit is included in the purchase.

Cable Gasket Kit

You can choose kits for fiber sizes between 4-16 mm.

One cable gasket kit is included in the purchase.

Recommended accessories for usage

Sponges for duct cleaning

For micro cable from 3.0-6.5 mm, clean duct with sponges before installing cable.

Lubrication

We recommend FlowLUB 5000 for micro cable from 3.0-6.5 mm.

Utilization of lubrication during fiber blowing increases blowing distance by a factor of 2-3.

Midi drum rack

We recommend a drum rack for easy, safe roll out of microfiber. Easy to transport and secures the fiber.

If you are in need of competent feedback on your fiber blowing project, do not hesitate to contact us.
